

## Jealous/dan ruddy

C# G#

Your Truth comes alive like history revealed  
A new song to us but these words are nothing new for...  
A God who is timeless, and perfect in love  
we sing to You God because You are jealous for us

Fm G/Eb C#

Each breathe we exhale is a constant reminder  
Of grace that is blameless, and wild like a Lion  
it devours the sin of a beaten down man  
and brings hope and renewal like rain on the grass

G# Fm  
You are worthy to receive glory and honor  
Bbm C/G#---C#  
We join with the heavens in wonder  
G# Eb  
And worship You God...we worship You

A moment with You is a threat to the night  
That hides in the shadows but never far from Your glorious light  
Cause You are the God who exposes us all  
we heed You approach and You wait for our call....you patiently wait

And then Your justice and mercy is swift like a knife  
That is wielded by Heroes willing to die  
So the weak, the lame, and the hopeless can live  
When we're desperate for You that's the best we can give

C# Eb—Fm Eb/G---G# Eb  
Your glory is alive  
Your glory is the light  
Your glory is the life  
In us
